Facelift: A Novel Leanna Ellis

In life and love, we could all stand a few nips and tucks . . .

Kaye Redmond, a "can do" kind of woman, has the magical touch when it comes to staging houses to attract buyers. Her ability to make things "perfect" has served her well in her career. If only it could transform her personal life as well. With a failed marriage, an angry teenage daughter, and an ex-mother-in-law who is *no* fairy godmother, Kaye's life is about as *imperfect* as it gets.

But sometimes blessings come in the strangest packages. Like her ex-mother-in-law landing on Kaye's doorstep after a botched facelift. Could caring for the impossible woman help Kaye get what she wants most: her husband back? Isn't that what God would want? And what her daughter needs? But no fairy princess ever faced such obstacles: an ex-husband's surgically enhanced mistress, hormonal teenagers, and--worst of all--an extra handsome prince! How's a woman supposed to find happily-ever-after with all *that* going on?
