It's not gay if it's another you, right?

That's what college twink Tanner has to ask himself, after a night of heavy partying with his three best friends. When one of their hazing pranks gets a little too real, he decides to call it an early night. The last thing he expected, was to wake up with an identical partner wrapped underneath his covers!

As he quickly finds out, dirty little secrets in a hectic frat house never stay hidden for long. At first, it's fun to experiment and touch his new clone's familiar body, but it's only a matter of time before he starts to wonder what any man would. Tanner's other self shares his every thought, his innermost memories and kinkiest fantasies... He knows just what buttons to push, and their mutual arrogance eventually devolves into an all-out war to determine which of them is the original, and who is the perverted by-product of a bad night's sleep.

With his nosy friends unravelling excuses at every turn, and a gay clone who persists in exposing his sexuality, Tanner has to start thinking with his head instead of his... you know what. Will he be able to repair the laws of nature before someone discovers what he's been keeping in his bedroom? Or will his doppelgänger succeed in showing his frat brothers what the 'real' Tanner is like?
