**Nothing I See Means Anything: Quantum Questions, Quantum Answers** David Parrish

This book, full of lucid, penetrating insights into consciousness, definitively closes the gap between mind, matter, and cosmic intelligence. Parrish elegantly identifies the pathways to highest consciousness—a place we all are but don't know it.

Starting with a layman's examination of Freud's psychology, the author moves seamlessly through existentialism, cognitive systems, quantum physics, and mysticism to arrive at his unique synthesis of them all.
