What happens when an unexpected baby shows up at the office of a billionaire businessman?

Reese was a rich CEO minding his own business when a baby landed in his lap. Stunned, he had to figure out what to do with an infant, while he had no prior experience with parenting. He calls his lawyer, a private investigator and a pediatrician. In that order. Taking the baby to the doctor to make sure she was healthy and getting a DNA test became priority number one for him. Reese had to make sure that the baby was actually his.

When Reese meets the beautiful doctor Laura, he's completely smitten. He convinces her to help him with the baby while he learns the ropes. Laura, taking pity on both the baby and the girl's new-to-fatherhood dad, agrees to help him out. She has no intention of getting emotionally involved with either of them, yet Reese seems determined to push the boundaries with her and steal her heart.

Laura realizes it would be easy for her to get attached to the baby and she is definitely attracted to Reese. However, Laura is scared of getting hurt, so she proceeds with caution.

Will Reese be able to win Laura's heart? Will everything be okay with the billionaire's unexpected baby?
