The World Without Us Alan Weisman

A penetrating, page-turning tour of a post-human Earth

In *The World Without Us*, Alan Weisman offers an utterly original approach to questions of humanity's impact on the planet: he asks us to envision our Earth, without us. In this far-reaching narrative, Weisman explains how our massive infrastructure would collapse and finally vanish without human presence; which everyday items may become immortalized as fossils; how copper pipes and wiring would be crushed into mere seams of reddish rock; why some of our earliest buildings might be the last architecture left; and how plastic, bronze sculpture, radio waves, and some man-made molecules may be our most lasting gifts to the universe.

The World Without Us reveals how, just days after humans disappear, floods in New York's subways would start eroding the city's foundations, and how, as the world's cities crumble, asphalt jungles would give way to real ones. It describes the distinct ways that organic and chemically treated farms would revert to wild, how billions more birds would flourish, and how cockroaches in unheated cities would perish without us.

Drawing on the expertise of engineers, atmospheric scientists, art conservators, zoologists, oil refiners, marine biologists, astrophysicists, religious leaders from rabbis to the Dalai Lama, and paleontologists---who describe a prehuman world inhabited by megafauna like giant sloths that stood taller than mammoths---

Weisman illustrates what the planet might be like today, if not for us.

From places already devoid of humans (a last fragment of primeval European forest; the Korean DMZ; Chernobyl), Weisman reveals Earth's tremendous capacity for self-healing. As he shows which human devastations are indelible, and which examples of our highest art and culture would endure longest, Weisman's narrative ultimately drives toward a radical but persuasive solution that needn't depend on our demise. It is narrative nonfiction at its finest, and in posing an irresistible concept with both gravity and a highly readable touch, it looks deeply at our effects on the planet in a way that no other book has.

From reader reviews:

Chad Steinberger:

Information is provisions for those to get better life, information currently can get by anyone from everywhere. The information can be a information or any news even an issue. What people must be consider if those information which is inside former life are challenging to be find than now's taking seriously which one would work to believe or which one the particular resource are convinced. If you receive the unstable resource then you get it as your main information you will see huge disadvantage for you. All those possibilities will not happen throughout you if you take The World Without Us as your daily resource information.

James Sweeney:

The reserve with title The World Without Us contains a lot of information that you can understand it. You can get a lot of profit after read this book. This book exist new knowledge the information that exist in this book represented the condition of the world currently. That is important to yo7u to learn how the improvement of the world. That book will bring you inside new era of the the positive effect. You can read the e-book with your smart phone, so you can read the item anywhere you want.

Jason Nimmons:

Reading can called mind hangout, why? Because when you find yourself reading a book especially book entitled The World Without Us your head will drift away trough every dimension, wandering in each and every aspect that maybe unidentified for but surely will become your mind friends. Imaging every word written in a guide then become one form conclusion and explanation that will maybe you never get ahead of. The The World Without Us giving you another experience more than blown away the mind but also giving you useful information for your better life in this particular era. So now let us present to you the relaxing pattern is your body and mind is going to be pleased when you are finished reading it, like winning a game. Do you want to try this extraordinary spending spare time activity?

Gigi Brown:

As a scholar exactly feel bored in order to reading. If their teacher requested them to go to the library as well as to make summary for some publication, they are complained. Just very little students that has reading's soul or real their leisure activity. They just do what the professor want, like asked to the library. They go to at this time there but nothing reading significantly. Any students feel that examining is not important, boring in addition to can't see colorful photos on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore , this The World Without Us can make you truly feel more interested to read.
