## **Truth Shock: A Millennium Challenge** S.J. Byrne

Presented for laymen, clerics, and the scientific community, an unprecedented (or actually quite "shocking") approach to Truth is developed whereby a reconciliation is attempted between ancient Wisdom Knowledge and modern empirical science. This has become possible because of such breakthroughs in today's quantum and astrophysical research that the paradigms of science are leaning from exoteric to esoteric. A unique added factor is that new Wisdom revelations have occurred in the past century and a half, which are added to the overall matrix of transcendent Knowledge. The method thus becomes one of comparing exoteric and esoteric cosmologies, resulting in what may be startling (or at least provocative) new concepts for the far fringe astrophysicists today who are thrusting beyond string theory to a staggering "multiverse" epiphany. All of which justifies the theme of Part II, "On the Nature and Purpose of the Universe:" In all of our probing and theorizing and attempts to find the Archetype Unification, are we in effect trying to re-invent the wheel when the Answer has been with us all along?"

For the layman and cleric alike, the carefully graded extension of conceptuality through the text has the possibility of expanding consciousness to the point where faith and belief are exchanged for seeing and knowing.....
