**The Homes of the Park Cities, Dallas: Great American Suburbs** Virginia Savage McAlester, Willis Cecil Winters, Prudence Mackintosh

Dallas local Virginia McAlester, author of Random House's *A Field Guide to American Houses*, the classic book on the subject, and Abbeville's celebrated *Great American Houses and Their Architectural Styles*, teamed up with Prudence Mackintosh and Willis Cecil Winters to write *Homes of the Park Cities, Dallas*. This impressive and informative case study immerses readers into the architecture and culture, both past and present, of these classy neighborhoods. Illustrated with over 280 specially commissioned photographs, in addition to over 75 maps, graphs, and archival images, this insightful work covers the history and development of Dallas's suburbs, as well as the architects who designed them. *Homes* also features several appendices, providing notes on how to preserve early-twentieth century homes and a catalogue listing over 1,600 homes by address and architect. McAlester authored an additional appendix that illustrates the architectural styles found in The Park Cities, which run the gamut from Tudor and Colonial Revival to Minimal Traditional and Mid-Century Modern. As grand as the houses it chronicles, *Homes of the Park Cities, Dallas* will fascinate architects, historians, suburbanites, and would-be suburbanites alike.
