SHORT NOVELLA (STANDALONE) in the Mindjack Universe - When everyone reads minds, a secret is a dangerous thing to keep.

In a world filled with mindreaders, Zeph is a mindjacker who wants to stay hidden—even if it means the cute mindreader in his Latin class is forever out of his reach. He locks and unlocks minds for a ruthless mindjacker Clan in exchange for protection and the chance to have a normal life with his parents and little sister. But when a girl he doesn't know reveals the existence of mindjackers to the world, Zeph is forced to make a choice: unlock—and ultimately destroy—the mind of a young jacker changeling... or turn his back on everyone he loves.

Look for other great stories of telepathy in The Telepath Chronicles (The Future Chronicles).

***The Locksmith* is a SHORT NOVELLA (STANDALONE) (11000 words or 44 pages), a companion story to the Mindjack Saga (Zeph's POV), a young adult science fiction series.** There are three novels in the original Mindjack trilogy, five novellas that accompany the series, and plans for another trilogy in the works.
