*Diagnosing in Cardiovascular Chinese Medicine* instructs readers on the finer details of cardiovascular patient examination techniques used in western medicine, together with TCM examination techniques. It explains the six basic signs and symptoms connected to cardiac diseases, along with their clinical significance, and shows the methods and techniques used in physical examination to detect the signs.

This book is intended for US-based licensed TCM practitioners as well as cardiology researchers.

- Guides the diagnosing of cardiovascular disease through western medicine and TCM differential diagnosing
- Provides examination and inquiry techniques using western and TCM methods
- Prepares the practitioner to sit for the Niambi Wellness Integrative anatomy and pathophysiology in cardiology final online exam
