Takedown: The Fall of the Last Mafia Empire Douglas Century, Rick Cowan

Seldom has the netherworld of the mafia been revealed with such fascinating detail and sheer suspense. Like the classics of the genre—from *The Godfather* to *The French Connection* to *Wise Guy*—*Takedown* leads us to the inner ring of a conspiracy of corruption and terror that held the city in its grip for nearly fifty years.

Rick Cowan was a young NYPD detective in 1992 when he dropped by a Brooklyn waterfront warehouse to investigate a recent fire bombing—only one in a string of interviews he considered routine. But what he found there was far from routine, for it would take him on a five-year odyssey and nearly cost him his life. In fact, he had stumbled upon the lead of a lifetime—the suspicion that he might unearth the hard evidence police and federal agencies alike had been chasing for decades: the proof of collusion among the mob families to extort billions from the nation's most influential corporations that call New York their home.

Featuring eccentric, larger-than-life New York characters and an undercover cop on the brink of being discovered—and murdered—at every step, *Takedown* is a riveting real-life procedural and one of the most important investigative books of the season.
