## **Vilppu Drawing Manual Vol. 1: Infuse Life into Your Drawings with Gesture** Glenn Vilppu

When you are drawing, the last thing you want is to feel like your drawings seem inaccurate or disproportionate, that they lack volume or depth, and you especially don't want them to lack that key life-like feeling you are after. You want your drawings to express the feelings and actions of your character. You strive to capture their life-essence onto the paper or computer screen, along with the sense of volume and depth that make them convincingly real. In the Vilppu Drawing Manual series, you will get the 12 simple-to-use "tools" that are the basis for creating depth and life-like qualities, adding that realism you are after. This first volume in the series will provide you with the key tool for adding that feeling of "life" to your drawing.

Each volume in this series will cover one of the 12 tools, each taken from one of the chapters in the print version of the Vilppu Drawing Manual. The full manual is not yet available on Kindle, but as we add the remaining volumes, you will be able to acquire the entire manual. Alternatively, this can be a chance for you to preview the Vilppu Method and to use his techniques to improve your drawings.
