The War of the Revolution

Christopher Ward

The War of the Revolution Christopher Ward

From the first crack of musket fire at Lexington and Concord to the downing of the British colors at Yorktown, Christopher Ward does not tell the whole history of the American Revolution, but rather, illuminates the history of the war caused by that revolution—the military operations on land in the War for Independence. When *The War for the Revolution* was first published almost sixty years ago, it was instantly recognized as a modern classic of American historical scholarship, as well as a masterpiece of narrative nonfiction Revolutionary War history. Today it is probably the most cited single work on the American Revolutionary War. The combination of a simple format and eloquent writing make *The War of the Revolution* an ideal reference for the professional historian and American history buff alike.
