Math Lab 2b - Level 5 2003 Ph.D. Don H. Parker

Program Features. Pretests identify the precise skills needing attention and assist you in assigning activity cards. Word problems and applications are incorporated throughout all of the Activity Cards so students are able to work problems and use answer cards to correct their own work. Number Sense Cards correspond to each Activity Card and provide a warm-up review. With the Mathematics Laboratory, you can meet the needs of individual learners with one classroom package containing materials for Practicing specific skills; Ongoing comprehensive Math practice and review; Extra credit; Activity centers; Free time. By offering self-paced learning, students are able to manage their own time; Work independently; Correct their own work; Monitor their own progress Because each student is allowed to progress at his or her own pace, the Mathematics Laboratory works ideally as a supplement to other programs. You will recognize the proven, leveled instructional methods from SRA Reading Labs. Assessment is incorporated throughout the program in the form of Pretests at the beginning of each unit that ensure students are placed at the proper level; Posttests at the end of each unit that check for mastery and identify areas in need of review.
