In the 1800's an evil king is conquering all the lands that he can in order to hand them down to his daughter but is taken by surprise when one of the Highlanders takes his daughter as a form of retaliation. Calling all of his armies back from war he has them focus on finding the only heir to his throne but what she learns while she is with the Highlander may change her forever.

Zuzulla is a sweet princess who hates being locked up in the palace walls, she hates living a life where she is constantly watched as well. For that reason each night she wonders off into the woods to try and get away from it all. She tells herself when she is Queen there will be peace and people will live in harmony all the while not knowing that her father is burning their homes to the ground. Zuzulla will have to decide if she wants to take on the legacy her father is leaving her or if she wants to stay with her captor. Such a decision seems simple on the surface but for Zuzulla things are not as simple as they seem.
