**Has your partner become an angry, selfish, unhappy, or avoidant person?** Does he refuse to go to counseling or work on your relationship? Would you like a way to make things better without having to end your relationship or threaten to?

With this book you will learn the four major ways to motivate men in marriage and relationships. You can then use the down to earth examples and win-win interventions to get cooperation, rather than conflict from your partner. The result? Faster and easier marriage and relationship improvement.

For more than two decades, Psychologist, Marriage and Relationship Coach, Jack Ito PhD, has been helping people to save their **desperately difficult** relationships. For the first time, you have a diagnostic quiz, checklists, and step by step examples for doing these interventions on your own. For these four types of men, this book has the **highest level** of specific help possible without actually being in marriage or relationship coaching.
