The Harvard Lectures

Anna Freud

The Harvard Lectures Anna Freud

'This remarkable series of introductory lectures on psychoanalysis is, in fact, a lucid, elegant and profound overview of classic psychoanalytic theory, in which Anna Freud spells out the main aspects of psychoanalytic psychology. The simple and clear language characteristic of her lecturing, the precision of her concepts and their mutual relationships, and their liveliness of this comprehensive synthesis make for a thought provoking, exciting reading experience, even after forty years.'- Otto Kernberg
