Discursive Psychology in Practice (Research and Practice)

Discursive Psychology in Practice (Research and Practice)

In the last decade, many diverse streams of thought have come together in an international movement to reject the traditional view that a 'scientific' psychology must rely on an experimental methodology. Underpinning this movement is the principle that the main characteristics of human life are best understood as produced through discourse. This 'discursive' psychology has found adherents across the range of psychological disciplines and has ushered in a completely revised understanding of the subject.

This volume shows how to put these theoretical and methodological insights to work in the investigation of concrete problems in psychology. The internationally renowned contributors re-examine a range of traditional psycholog
