The Inner World of Jimi Hendrix Monika Dannemann

Jimi Hendrix died in September 1970. Monika Danneman, his fiance, was with him when he died. This is her tribute to her lost lover - a book of pictorial representations of his songs and his spirit. Each original oil painting is accompanied by an explanatory commentary expressing Jimi's innermost thoughts about his music, life, death, love and spirituality, as revealed by him to Monika. In a seperate section the author writes about her time with Jimi and their relationship, and discloses the full truth about the circumstances surrounding his tragically premature death at the age of 27. It also includes a sequence of photographs of Jimi taken by the author the day before he died, together with contributions by his father, Al Hendrix, and his sister Janie.
