GET WRITING: PARAGRAPHS AND ESSAYS helps developmental students learn to think and plan before they write, and evaluate their own and others' writing, with a focus on critical thinking through features called "Critical Thinking: What Are You Trying to Say?" and "Revision: What Have You Written?" The text helps those who are struggling with writing requirements, including recent high school graduates, returning students, or those for whom English is a second language. Integrated exercises enable them to practice what they have just learned, and student papers in annotated first and revised drafts provide realistic models. Sample professional writing demonstrates how writers understand the context of their writing, utilize writing strategies, and make language choices.
