**Microsoft SharePoint: Building Office 2003 Solutions** Scot P. Hillier

*Microsoft SharePoint: Building Office 2003 Solutions* provides you with all the information you need to design and deploy business solutions based on Microsoft SharePoint technologies. Author **Scot Hillier** defines the business case and scenarios for Microsoft SharePoint technologies, and he also reviews the installation, configuration, and administration of business solutions based on SharePoint technologies. He provides programming instruction, guidance, and examples for custom Web parts and solutions built on SharePoint technologies.

Focused on getting you started quickly with SharePoint products and technologies, each chapter provides hands-on exercises that emphasize basic ideas or demonstrate simple features. Unlike some technical books, this guide isn't intended to be simply a reference that you access primarily through the index, and the material presented in each chapter builds upon that offered in previous chapters.
