Wolfe Tale Ciana Stone

Wyatt Wolfe is a warrior, a man without fear. At least that's the picture he presents to the members of his Navy SEAL team. He's a stone-cold killer with a reputation as a woman magnet, and needing no one.

But appearances can be deceiving.

Wyatt is a man torn by love and betrayal. His only need, his one weakness is Chance—a woman from his past he can never have, can never trust. She ripped his heart out with her betrayal and he has vowed never to look upon her again.

Chance never expected to hear from Wyatt. Especially not in the middle of the night, sounding afraid and unsure. The call serves to bring feelings she'd never escaped back to the surface. She's been his as long as she can remember and no matter how much he shuns her, she has to find him. Help him.

Wyatt will be forced to see her and face the old feelings that have haunted him for years, because something inside him, an entity of violence and lust, is fighting for control of his mind. And his only chance of survival depends on the strength of Chance's love.

****Note:** Story contains some scenes of graphic violence and rape.
