## California: From the Conquest in 1846 to the Second Vigilance Committee in San Francisco; A Study of American Character (Classic Reprint) Josiah Royce

Excerpt from California: From the Conquest in 1846 to the Second Vigilance Committee in San Francisco; A Study of American Character

More elaborate and learned volumes than the present one have recently been devoted in large part to the history of Spanish and Mexican California before 1846. This book is concerned, in the main, only with American California, and with that only during the early and exciting formative years, from 1846 to 1856. This history of the beginnings of a great American commonwealth has seemed to the author sufficient and worthy to occupy the whole of such a volume as the present one, in view both of the interest of the events and of their value as illustrating American life and character.

The purpose has been throughout to write from the sources. For the history of the conquest in 1846 official and private documents of original value have been used in so far as was possible, while, as the reader will at once see, the interregnum, the early mining life, and the history of San Francisco affairs have in general been described directly from such early newspapers as I have been able to read, the later testimony of pioneers and the views of subsequent historical writers being used here mainly to check, to complete, or to explain what the early newspapers tell us.

About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com)

This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
