Alexander J. De Grand

Italian Fascism: Its Origins and Development, Third Edition Alexander J. De Grand

On October 29, 1922, when Benito Mussolini completed the March on Rome and was appointed prime minister of Italy, the Fascist regime began in triumph. It ended some twenty-two years later with the execution of Mussolini and the collapse of the German-inspired Italian Social Republic. In this third edition of *Italian Fascism* Alexander De Grand maintains his disagreement with recent interpretations of the movement and regime as “revolutionary” and “leftist.” While not ignoring the importance of ideology, he sees Fascism in Italy as a bourgeois response to the challenge of proletarian revolution and an approach to the problem of conservative control in an era of mass politics.

For the third edition, De Grand has substantially revised the discussion of culture and ideology, the conclusion, and the bibliography. Incorporating the most recent interpretations and research, this introduction to *Italian Fascism* reinterprets an important development in modern history.
