Developed by a distinguished editorial board, the Perinatal Continuing Education Program (PCEP) is a comprehensive, self-paced education program in four volumes.

The PCEP workbooks have been significantly revised and brought up-to-date with leading-edge procedures and techniques. The revised volumes are filled with clear explanations, step-by-step skill instruction, and practice-focused exercises. They offer time- saving, low-cost solutions for self-paced learning or as adjuncts to instructor-led skills training.

The new Book II 2nd edition features 10 units containing information and skills essential for the recognition and initial management of high-risk and sick pregnant women and their fetuses. Maternal/Fetal Transport and Imminent Delivery are also addressed.
