## **Rwanda (Bradt Travel Guide)** Philip Briggs

Entering its sixth edition, the Bradt guide to Rwanda continues to provide the most comprehensive coverage of any English-language guidebook on the market. Bradt Rwanda has long been the go-to guide for visitors to this historical and resurgent land of a thousand hills, and it continues to be in a class of its own when it comes to in-depth information on this emerald slice of Central Africa. With freshly researched and updated information on developments across the country, this new edition includes information on the ongoing revival & repopulation of Akagera National Park, up-to-date maps of rapidly modernising Kigali, and the latest on excursions into the neighbouring DRC. Written in an engaging and colourful style, Bradt's Rwanda is packed with personal anecdotes of people and places met across the country. With an emphasis on eco-tourism, there is a dedicated chapter to each of the national parks outlining all the practicalities: how to get there; how to obtain a permit; where to spot wildlife; how to identify flora; and how to identify the best trips offered by tour operators.

The land of a thousand hills comes with surprises over every ridge; trek the dew-laden forests searching for mountain gorillas, swim on the dramatic shores of Lake Kivu, and stop to contemplate the despair from which this country has so magnificently risen at one of the poignant genocide memorials. There is much to see besides gorillas: the mountain-ringed inland sea; the immense Nyungwe Forest National Park with its chimpanzees, monkeys, and rare birds; the wild savannah of Akagera National Park; and, perhaps above all, the endless succession of steep cultivated mountains.
